“ Tony could never been a better man or friend! He loved and cherished people and never showed malice or concern for anyone in a way offensive or judgemental.
You know like the man you meet that would never not love and live for his family or ever enjoy his life because of what he was doing or put into it!
I'll always remember his smile while looking at me thinking I was crazy but accept me!
No one ever is guaranteed that twice but it sure was nice to have it once!
He was good at those!
For someone whose lost friends to murder,addiction, suicide, accidents & cancers he never made me feel more than the important person in the room!
The survivor!
Why has been my question many times over before seeing his light!
My hope is it lite a torch that will never die!
I'll miss my friend.
I'll miss his kind!
I'll never forget what he gave to me!
I'll never see how I couldn't be there for him like he was for me!
God bless his family!
God bless his soul!
There will never be a moment he will not be missed!
I wish with thousands of others he knew how much!
My friend is gone!
His honor? Never.

“ “The world is a lesser place with out him. But I know he is with God and the angles. And even heaven is improved with his presence there.” I don't think there was a person who spoke too that he didn't leave an impact on. I would enjoy talking with him dropping off patients or doing paramedic clinical. Rest in peace.

“ The news of Tony's passing floored me. I've known him while working security at both Lourdes facilities since 2002, and will never forget his smile, genuine warmth, and work ethic. In response to a letter of encouragement I'd sent him last October, a portion of his reply was, “Words cannot express my appreciation for the kind words and lifting up that your letter gave me.” In closing, may God comfort you in your time of sorrow, and bless you with his best, is my prayer.

Sincerely,

“ I am so saddened to hear of Tony's death. He was such an amazing nurse. I worked at Lourdes with him and was so impressed with him every time he brought me patients from the ER. In later years, he was so compassionate with me and my son during my son's struggles with addiction when I would have to take him to the ER. He was a good man. My prayers are with his children and family.
