“ Ash, you always had the ability to make a room light up with your smile. I will always cherish the laughs we had, the long talks we had for hours about dreams we had and business ventures from out of this world! The world will never be the same without you. I know this is late and my whole life was changed today upon finding out you were gone. I'm so sorry I never got to say goodbye. I will always remember you and hold you close to my heart. Thank you for painting my life in color... love you girl\* Bannana\*
