“ Just ran accross this. Didn't know that Bobby had passed. He was a childhood friend in Bossier city in the 60s. We lived just a few houses away from each other. Last saw him around 2010ish. Thoughts and prayers to his family.

“ Bobby, I am going to miss you dearly. You were my special friend that will be with me in memory until I breath my last breath. We had many laughs and tears we shared. I respect the knowledge you shared with me about all the bible studying that was done daily in your home. I will miss your scripture that you sent me each morning. You made sure I started each day off right. Because of you, I have your beautiful family in my life. There is so much love that has been shared with me from your brothers and sister. I treasure them. I know you are with our Lord and that gives me great comfort. Rest in Peace my brother until we meet again.

I'm very sorry to hear of Bob's passing. We were good friends in the Navy, we went to Navy schools together in Illinois, California and Idaho in the nuclear power program. We had some great times together. He was a lot of fun and a great friend. I googled his name tonight on a whim and this has made me very sad. My condolences and prayers to all his family and friends.
