“ I am so sorry to hear about Beth. Our family just heard about her passing today. When she was a teenager, she played softball with my daughter. The girls would get together for different activities. She would always have me laughing when she did her “chipmunk” imitation (or that’s what it sounded like to me). My pet name for her was “Lizardbeth”! Wish I could hear it again.

“ What a great soul. You were always kind to me always shared a laugh, threw me a dollar or two when we would play at the casino , never met a stranger , I’ll remember driving around listening to music laughing and stopping by to visit mutual friends here and there . We hadn’t talked in a year or so, but that doesn’t mean you didn’t mean to world to those who knew you, rest in peace Beth, u touched many people’s lives , people you didn’t even realize .

“ You were there for me .. my home life had fallen apart and you were there. You took me in for a while.. we fought like sisters though.. you had my back. You were always proactive in the needs of the people around you. You inspired me to be like that too. You were not only beautiful but brilliant. So smart. I loved talking to you. I will miss talking to you. Rest Sweet Girl.. see you on the other side.

I didn't know you that well but you were such an exceptional lady. I was hoping to go back and see you and put up the things to decorate and that won't happen now. In just the time we had together you were incredibly generous and I'll keep the little things you let me have forever. I really can't believe that was all the time I got with you and then this senseless atrocity took you from all of us.
