Hwan James LeBert was born on September 29, 1975, in Seoul, South Korea and he was a longtime resident of Acadiana. He was a loving father, wonderful husband, and a great friend who had a huge heart. James would go out of his way to help people and make sure they saw the best of themselves. He was loved by many and enjoyed spending time with his wife and children. James had a smile that could light up the room and always wanted to make people laugh. He was the life of the party and made sure you knew it. James loved crawfish boils with friends and family and nights with a fire in the backyard with his wife and kids making smores. He served in the United States Marine Corp. James was a first responder as well as an instructor for first-aid, CPR, first responding and many other things. He worked in the Oil and Gas Industry as a Safety Advisor for over 20 years. James would give a hundred and ten percent to anything he was committed to and would always

try to make his promises count. His death is a tremendous loss to so many who loved him, and those that will never have the opportunity to know him. James will be dearly missed.

James is survived by his loving wife of eight years, Marcia LeBert; his children, Hunter LeBert, Reagan LeBert, McKenzie LeBert, Christopher LeBert, Megan Broussard, Carolyn Armond, and Gabriel Armond; his parents, Hilray James LeBert and Son-OK LeBert; his sister, Nicole Charrier (Samuel); his maternal grandmother, Janice Reed LeBert; his nephews, Lucas, Sammy, William, and Eli Charrier; along with a host of dear friends.

“I haven't spoken to you in a long long time. You gave a young me a chance in a field I had no experience in, and you even took me into your home for a couple of months. For that I will always be grateful. Thank you and rest well. Sad I didn't get to say thank you one more time in person.

“I am grateful for you being like a father to me for 4 months. I am forever grateful for the lessons I learned from you and Ms.Marcia. I am so thankful that you and Ms.Marcia kept me on track and were the parents I needed and wanted even if it was for a short time. I learned so much in that short amount of time. Thank you for being the father figure I didn't get to have.

“ Too many memories to list however all will be forever good memories. My Guy, My Man, My Brother, My Human OSHA Reference but above all My Friend, You know all the great times we shared together with all the guys, the laughs, the jokes, the work, the research, the prevention, the corrective actions. You are to us one word "LeBert" and that's all we need to say and everyone knew that meant the Safety Man who was going to give you the right way despite any political or social pressures it was going to be the right thing. Salute to you gonna miss the calls but cherish the memories. Rest in Power My Brother!

“ I'm sorry that you had to leave us dad... And I'm personally sorry for the kid that I was...but without you building me up and putting that pressure on me ai wouldn't be who I am today... I know it doesn't seem like it but I constantly make my decisions based off of if they will make you proud or not...and though they may bit always make you proud, know that I have always tried to at least make you happy...I never wanted to see you in pain...just understand me...w I believe that's what we all wanted.. Was understanding of each other... But you're it a better place...and we can't hold your hand anymore...or hug you... But we pray that you are in YOUR better place... In your dream home with those you love.. Say hi to uncle Aaron and uncle Phil for us... We miss them too...we miss you so very much but know that we understand the pain you were going through... We may be children but we understand that crushing feeling of life... The pain that comes with being everything that you were...when I got that phone call tears flooded my eyes and I dropped to the ground crying my eyes out...I want you to know that you are a great father... And great husband.. And a great member of society... But you don't have to be in that pain anymore.. The pain of having to work everyday and not see your family...the physical pain...the mental pain....youre free...where you belong...be that goober we know...we will ever forget you dad... Thank you for all of the memories.. Good and bad.. We will never forget you..we want you to fly high and never look back...just don't forget about us... When our time comes we will all meet again..and be once again a happy loving big family....we love you with all of our hearts... You are NEVER forgotten□

“ I love you dad... I remember this day. You had just picked me up from my first day of school and had told me "It's all new and you are so strong you got this" that I will never forget because you are the one who made me strong and I love you for that! Forever in our hearts 💖 we love you dad!
