Laura was a good person she would give you her shirt off her back if she had to. She came anybody a place to lay there heads if you needed. She took in people that had no place to go. She took care of them. Laura was a God sent person. She put others before herself. She loved her chickens and ducks. And her garden was most important to her. We had laughter and we had fun. We became best of friends when I was 18 years old. We never had words be helped each other. I loved that girl and will forever hold a place in my heart for her,my Vern. I miss you and love you,forever.
