“ *I fell in love with Lauri and her brother Mike from the first moment that I met them. Lauri was smart, beautiful and had a sly sense of humor.*

I am so grateful that she let me into her heart.

Lauri would want us all to crack a joke and smile. I'm going to make it a point to do both of those things today.

“Lauri was loved very much and I will dearly miss her dry wit, her smile, her advice, her love, and her toughness. But most of all, I will miss her. I am lucky Lauri is my cousin. I'll see you later...”
