“ Clifford Foster I’m saddened to hear of Louis passing. Even though it’s been a long time without seeing him I remember being friends with him all the way back to grammar school. I pray he rests in peace and peace for his family.

“ Louis was my other brother since high school. As a member of our class and a original member of the Council, Moose had a wonderful and distinct style only those who knew him could appreciate. This is the third person who stood in my wedding that we have lost. He will be missed and I will always remember his kind spirit and big heart.

“ Louis and I were born on the same day, the same month, same year and at the same hospital (Charity). Who knew we were destined to become friends through out our HS and college years. Ironically, when my brother passed in 1980, Louis was hired in his place at Chevron Oil Co. His passing stirred up fond memories from St. Aug and Dillard U. A group of us would hang out at the main library after school. I remember proms and going to parties and games. Drinking Boone's Farm wine was our rite of passage. i remember the "B" class at St. Aug and "the Council", a self-described group that gave us a sense of belonging. His nickname was Moose and I was Mr. Cool. When it came to P.E. he and I, neither of u being very athletically inclined in traditional sports, were usually one of the last to be chosen for a team (lol). He will be remembered for his unassuming, peaceful countenance.
