Mark had a heart as big as Texas. He helped a lot of people during his life. If you needed something fixed, you could call Mark. He always tried to help stray animals by feeding them or bringing them home. He loved his pets!

Mark grew up and lived in Houston, Texas most of his life. During this time, he worked mostly on boats. He spent the last few years prior to his illness, working for a company, maintaining its grounds.

For a few years, he lived on a houseboat, in Islamorada, FL. He loved it there and made some lifelong friends. He had many friends.

He loved his friends! He enjoyed barbequing and listening to country music. At times, he enjoyed fishing. He loved watching the Astros and Texans. He enjoyed his desserts! He had quite the sweet tooth!

Mark put up a battle to live, and we are so proud of him! May he rest in the company of those that have gone before him! Until we meet again dear
