"When I go, don't learn to live without me. Just learn to live with my love in a different way. And if you need to see me close your eyes or look into your shadow when the sun shines. I am there. Sit with me in the quiet and you will know that I did not leave. There is no leaving when a soul is blended with another. When I go don't learn to live without me, just learn to look for me in the moments. I will be there."
