“ Mike was an amazing, wonderful man who never forgot his friends. He was a gentle man who laughed often and loved well. I'll never forget the first day we met in wrestling practice when he transferred in as a senior. He was our heavyweight who used techniques usually reserved for us more diminutive grapplers. When he used the cross-body ride or the figure-four, the big dudes he was controlling were clueless.

We had a great tournament team with 5 seniors, Mike included with potential to win the region and each of us go to state. Four of us did, but three weeks before the district tournament Mike blew out his knee and had to have surgery. That didn't stop him. He limped out to the mat, won the district, and got us enough points to win the region for the first time in Moorhead High School history. Guts and grins. That's how I'll always remember my friend whose strong, unyielding faith in Jesus ensure his place on high.
