Never imagined u would leave us so soon. First mom, then dad, and now you...all taken way to soon! Wish we could of had the chance to say our final goodbyes and to remind u of how much we truly did love you, even though over these last few years we didn't see or speak to each other as we use to, I sure hope u knew that you would always have that special place in our hearts and would always be called family..u did basically help raise me majority of my life. I know we may have not always seen eye to eye on everything (parents and children never do) but you still were an amazing stepfather and was always there when we truly needed you, but most of all u were truly an amazing poppa to Kaden. You will be deeply missed and never fogotten. Fly High-Love Always, Ashley & Kaden
