“ For many years, I directed a camp in Rhode Island and Bekki was my nurse all those years. She kept us safe and healthy during those few weeks we were together every summer. And, although we only spent a bit of our summers together, we became family and continued to keep in touch. She will be missed. All my condolences to her family and friends during this time of loss.

“ Bekki and I worked together for many years at Bryant University in Rhode Island. Although we were only together for a few weeks out of each Summer, we became a close knit group. We felt like a family. She was a treasured friend. Praying for her loved ones. ((Hugs))
