*Robert, I'm going to start out by saying I love and miss you so very much.*

*This has made me think way way back...*

*So to start off I do not forgive you for ... when the whole family had to go get shots because cousin Kim was sick, well I knew you would be the only one who could catch me, so I waited until they had pulled your pants down some and I took off... you pulled your pants up took off and caught me and carried me back to get a shot, wasn't right yall knew how deathly afraid I was of shots!!*

*Then a few years later, I give you one of your favorite party stories of all time to tell, I get sick, you can't even pinch me my skin is like cement. I'm hallucinating, stars flying through windows, snakes in coke bottles, and best one the man at end of bed trying to get alligators to eat you and Tracy, dang those were the days didn't even need drugs lol but you helped your Lil sis back then only to use the stories years down the road.*

*Then one of my favorite is I guess I was about 7 you would of been about 13 is you dancing singing and acting like your playing a guitar to Elvis Presley. You thought you were him!!!!*

*You and the Cummings brothers swinging in the trees thinking yall were Tarzan!!!*

*Putting a leash on a snake and yall walking it down the road!!!*

*Those were the days!!!!*

*Loved watching you and Mom dancing together and winning those dance contest...*

*I sure hope yall are dancing together again!!! Give her a hug from me, tell her I love her.*

*Robert I'm so glad we got to spend last Easter with you and Lynn. We (Tracy, Pam and I) really enjoyed it. We were hoping for a repeat this year dammit... I love you brother Fly High!!!*
