“ So, today was my oldest known friend's funeral, and while I was unable to attend in Louisiana, due to my back giving me additional problems since last week, he and his brother will forever be in my heart and head. It's practically all I've thought about today and took out personal time for meditation and contemplation. I wish I'd had more opportunity to spend with before he left us and though geography and finances made visitations rare we've always been just as close as we were when we spent nearly every day together as teens. I'm sure the reunion we'll share one day beyond material existence will bring even greater joy and laughter.

Until then I hope you find peace, especially knowing the pain human life brought near the end. You'll always be family to me. RIP RJG

“ Johnny was a very kind hearted & pleasant man to be around. My favorite memory of Johnny is when my son & I went to visit Johnny Sr one day & Johnny Jr was there & my son & him talked about their favorite video games to play. He will be missed by my family but fortunate to be with the good lord, his mother, & grandmother, in a better place and at peace now. My sympathy goes out to the Gaspard family, all relatives & friends. RIP Mr Johnny Jr

My memories of Johnny jr. are his blue eyes and curly hair. He and his brother Greg were so close. They loved Atari at their Dad's on weekends. My heart goes out to Greg, his Dad and Alison. Johnny jr. will always be in my heart. Rest well Johnny jr. I know there's spaghetti in heaven.
