“ My mind is boggled at the thought of sharing “a memory” of my dear sister-in-law. After knowing her for 44 years the multitude of memories she created for me makes it difficult to pick just one. I can write about her abundance of kindness, humor, sense of family, generosity, love and friendship though. She gave greatly to all creatures around her on the job and in the home. God put a lot of goodness into such a small package when he created Sheryl and this little giant of a person will be sadly missed.
