“ This was my DAD! We have had our ups downs and in between ever since I can remember. We fought argued and generally disagreed on petty indifferences. He would tell me stories I didn't want to hear or about people I never knew. Now that he's gone I wish I had listened more. He wasn't perfect by any stretch but he was my DAD and will be missed greatly. Truly someone that I never knew I would miss so hard or breakdown. I love you always and you will be missed! Enjoy your time with your family now we will meet again!
